

**Cook Defence Systems**

# Challenger 2 TR60 414 Double Pin

Cook Defence Systems is a world leading authority in the design, development and manufacture of track systems and running gear for armoured fighting vehicles.

For over 70 years we have delivered innovative track solutions with exceptional performance for the toughest environments.

Our comprehensive range of single and double pin track systems is deployed and battle-proven on armoured vehicles around the world.

Our products are underpinned by state-of-the-art research and development, rigorous testing and ISO9001 quality assurance.

- **Cook Defence Systems design**
- **Original Equipment Manufacturer**
- **Sole approved supplier**
- **Track, sprockets road wheels, top rollers and idlers**

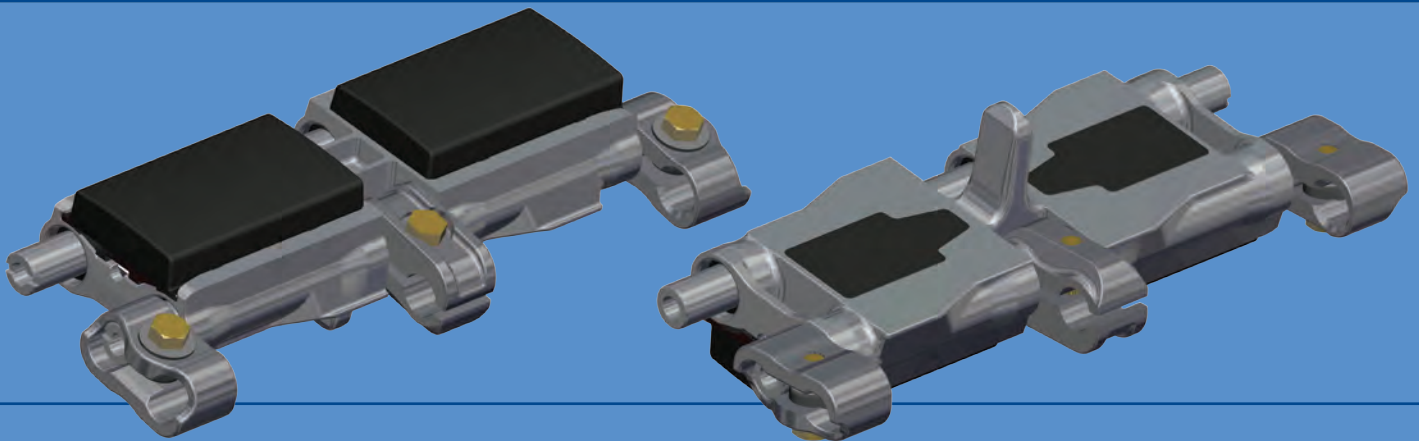

**a World Class** Company

## Cook Defence Systems

# Challenger 2 TR60 414 Double Pin

- High-integrity cast steel construction for strength and survivability
- Abrasion and tear-resistant polymer compounds deliver excellent durability
- Radiographic inspection ensures reliability
- Low-weight design increases vehicle capability
- Slide-in road pads for easy maintenance
- 'Fit and forget' fastlock end connectors for simple assembly and low maintenance

Cook Defence Systems designed the TR60 414 double pin track to meet the specific requirements of the Challenger 2 Main Battle Tank.

The TR60 414 is the **only approved track** for Challenger 2, it has been fitted to all variants **since the vehicle entered production** and has been proven against multiple mission criteria.

Successfully trialled on the M1 Abrams, all variants of the TR60 include patented features that make it the **most advanced track system** for any MBT in the world.

Nothing contained within this document, explicit or implied is intended to extend the warranty or performance of the product. Cook Defence Systems is a continual improvement company and product details may vary from time to time.
