

Cook Defence Systems

M113 TR20 306 Double Pin Replaceable Pad

Cook Defence Systems is a world leading authority in the design, development and manufacture of track systems and running gear for armoured fighting vehicles.

For over 70 years we have delivered innovative track solutions with exceptional performance for the toughest environments.

Our comprehensive range of single and double pin track systems is deployed and battle-proven on armoured vehicles around the world.

Our products are underpinned by state-of-the-art research and development, rigorous testing and ISO9001 quality assurance.

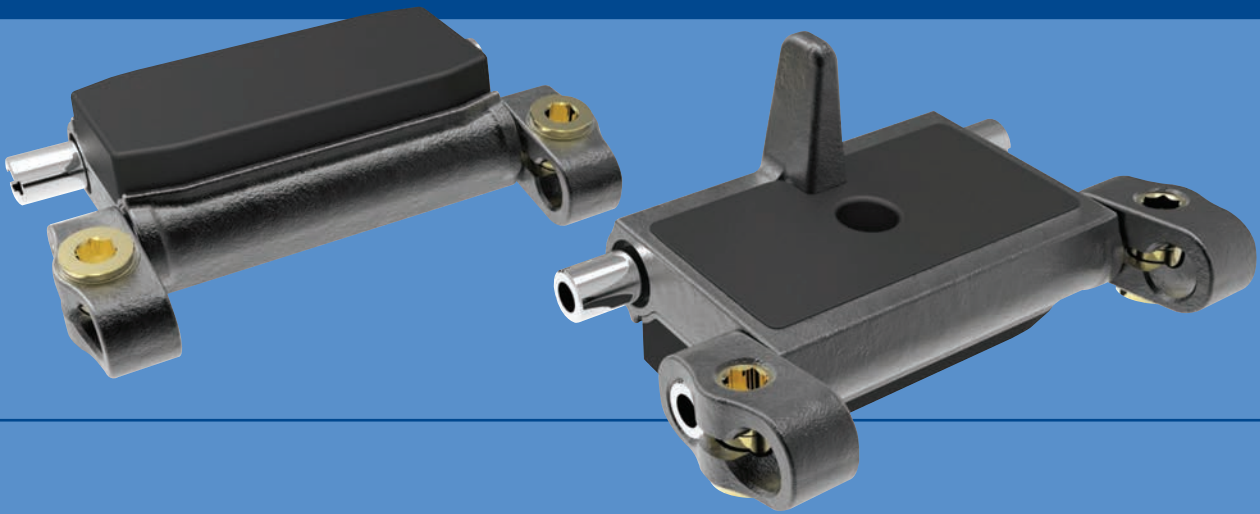

- **Cook Defence Systems design**
- **Compatible with M113 running gear**

a World Class Company

Cook Defence Systems

M113 TR20 306 Double Pin Replaceable Pad

- **High-integrity cast steel construction for strength and survivability**
- **Replaceable road pad maximises track life**
- **Radiographic inspection ensures total reliability**
- **Low-weight design increases vehicle capability**
- **Fit and forget fastlock end connectors for simple assembly and low maintenance**

Cook Defence Systems designed the TR20 306 track as a double pin alternative to the commonly used T130 single-pin track for M113-based vehicles.

Double pin tracks offer **heavy-duty performance and high durability**. Cook Defence Systems TR20 306 track also has a replaceable road pad to **maximise track life**.

The track is suitable for **all M113-based vehicles** including the ACV300 family, and can be fitted with only minor modifications to the existing running gear.

Nothing contained within this document, explicit or implied is intended to extend the warranty or performance of the product. Cook Defence Systems is a continual improvement company and product details may vary from time to time.
