

Cook Defence Systems

BRADLEY / CV90 TERRIER® TR30 215 Single Pin

Cook Defence Systems is a world leading authority in the design, development and manufacture of track systems and running gear for armoured fighting vehicles.

For over 70 years we have delivered innovative track solutions with exceptional performance for the toughest environments.

Our comprehensive range of single and double pin track systems is deployed and battle-proven on armoured vehicles around the world.

Our products are underpinned by state-of-the-art research and development, rigorous testing and ISO9001 quality assurance.

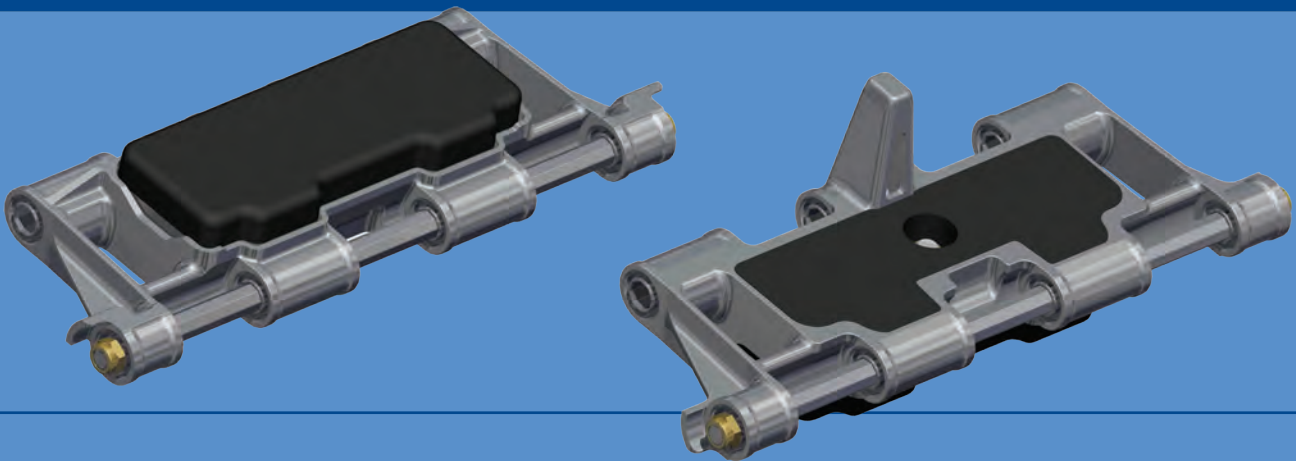

- **Cook Defence Systems design**
- **Original Equipment Manufacturer**
- **Sole approved supplier**
- **Track, sprockets road wheels, top rollers and idlers**

a World Class Company

Cook Defence Systems

BRADLEY / CV90 TERRIER® TR30 215 Single Pin

- High-integrity cast steel construction for strength and survivability
- Large-footprint polymer road pad delivers excellent durability
- 100% radiographic inspection ensures total reliability
- Ultra low-weight design maximises vehicle capability
- Simple track pin and road pad locking systems require minimal maintenance

Cook Defence Systems designed the TR30 215 single pin track to meet the specific requirements of BAE Systems' new Terrier Combat Engineering Vehicle.

The TR30 215 is the **only approved track** for Terrier, and has been fitted to all production vehicles.

Successfully trialled on the BAE Systems CV90 and currently fitted to prototype vehicles in several countries, the TR30 215 is the **lightest and most advanced** single pin track system available for mid-weight armoured vehicles coming into service around the world.

Nothing contained within this document, explicit or implied is intended to extend the warranty or performance of the product. Cook Defence Systems is a continual improvement company and product details may vary from time to time.
